Annual census. Carson Training School,
Stewart, Nevada. Aug. 27, 1909.

The Commissioner of Indian Affairs,
Washington D.C.

Sir:-

Complying with above letter of Aug. 12 I enclose herewith a sketch showing in a very general way the approximate number and location of Indians throughout this locality who are no under the supervision of any other superintendent or agent directly and for whom this office has attended to sundry business.

There is hardly a village or town or a ranch settlement in this state or adjacent parts of California but has some Indian families but I have shown the principal settlements and the number estimated.

In most cases the number shown are scattered over considerable territory where they work not living in a close community except in one or two cases:

From the estimate made it is probable that the number in the territory covered by this report is about as follows:-

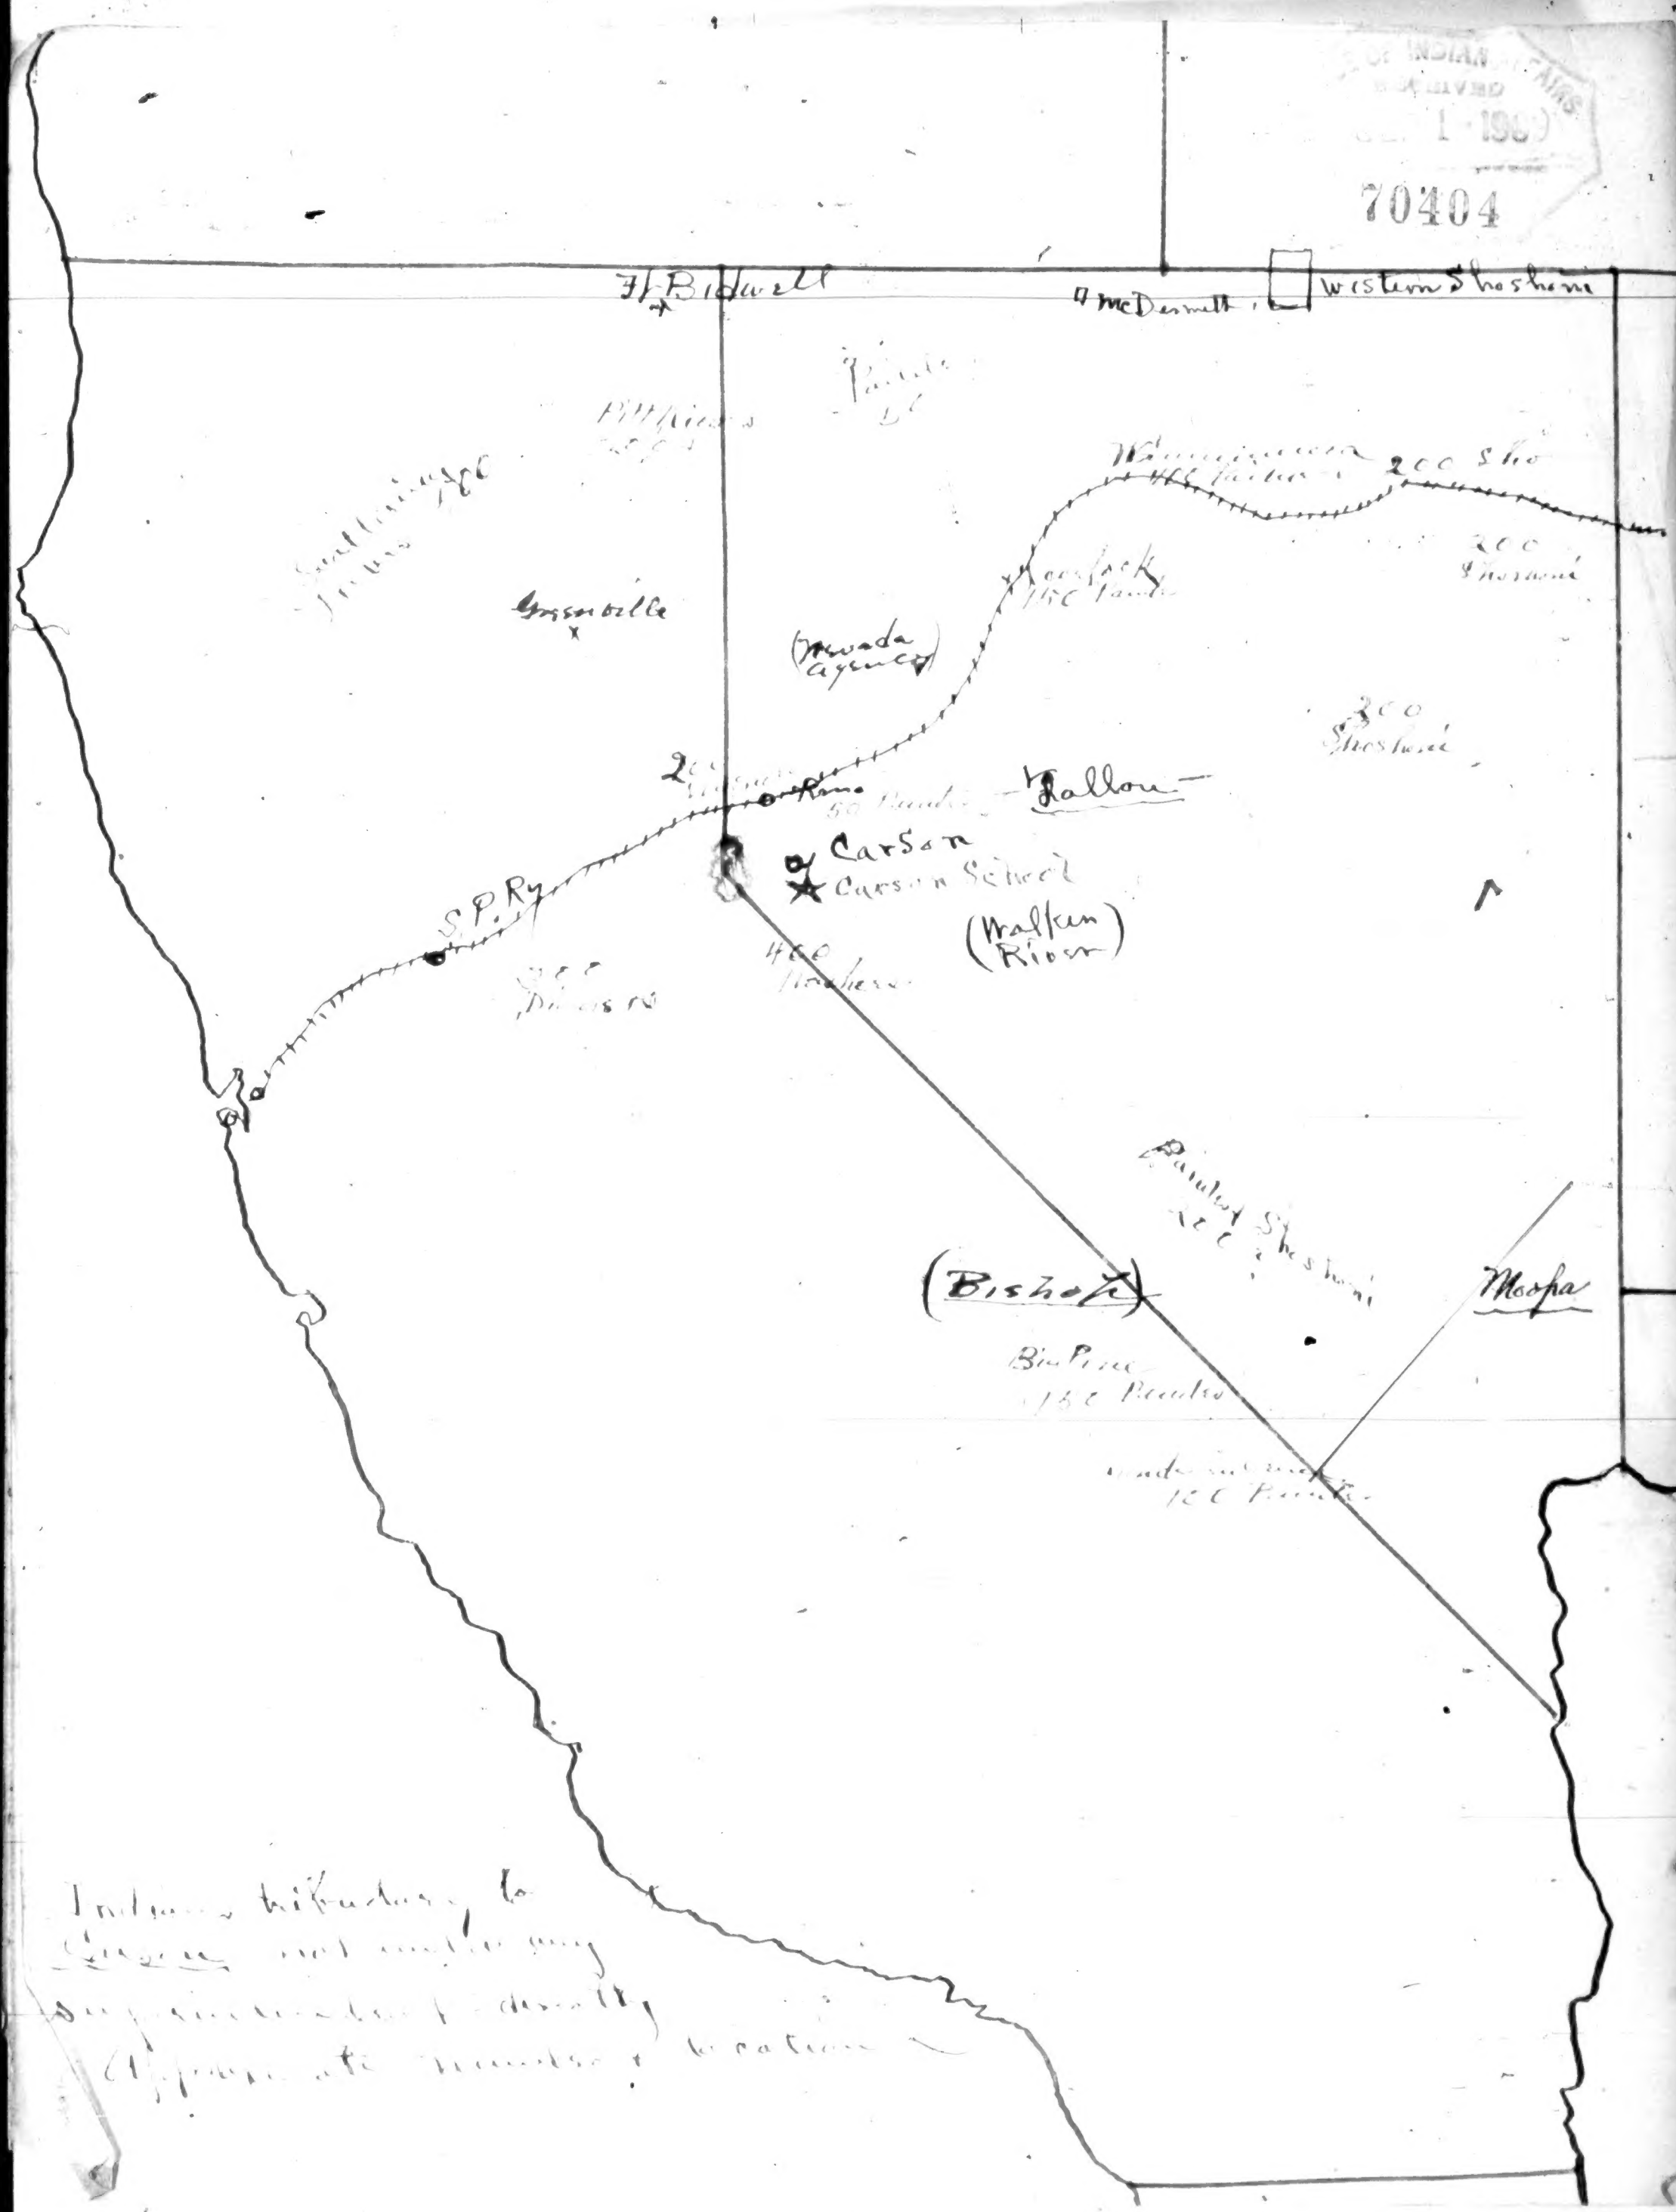

Paintes-	800
Washoes-	600
Shoshonis-	800
Diggers -	400
Pitt Rivers etc	200
Scattering tribes	
in N. Calif.	500

I trust this may suffice for the present as it is about all that is practicable to give at this time.

Very respectfully,

W. H. Berry
Supt.
